CHIEF EXECUTIVE OFFICER REPORTS

ITEM NUMBER 4.1
TITLE Monthly CEO Report
REFERENCE 376775
AUTHOR Troy Koch, Area Manager - Alpurrurulam

RECOMMENDATION**That Council**

- a) Receive and note the *Operations Director's* report for August 2022

SUMMARY:

This report addresses activities within Operations Directorate for August 2022.

BACKGROUND**July 2022 Operations Director Report**

Operations Directorate		
Direct Reports	Funding Source	Budget
Area Managers		
Municipal Services Manager		
Operations Administration Officer		

Summary:

I have been very busy covering the Depot Manager position as well as fulfilling my own role, We have successfully recruited to the Depot Manager Position and the truck is up and running.

Local Authority:

This month saw Ampilatwatja have their local authority meeting on the 3rd, Elliott on the 11th and Wutunugurra holding their LA meeting this week.

The Communities:**Elliott:**

Elliott has had numerous visitors, including Doctor Maria Marrinner from NT Health who consulted with community regarding the withdrawal of the Stronger Futures legislation. Other visitors included Representatives from Northern Interests, who discussed the roadhouse and hotel project, Sun Cable, University of Queensland researchers working on behalf of the Beetaloo fracking company. NLC opened their office in North Camp which will be shared between themselves and the Kulumindini Aboriginal Organisation Travellers are still causing issues with the amount of refuse they leave, and the with traffic management.

Municipal Officers have been working hard to keep Elliott both green and clean and will be glad to see the end of the tourist season.

Court will be held at the council office on 17/08

Ali Curung:

First week in July the community celebrated NAIDOC Week which had all stakeholders band together to run various activities and programs. Area Manager spent 2 weeks at Wutunugurra covering Coordinator's position, Vicky McCoy stepped in as acting Area Manager and did a great job. Western Davenport Water Advisory Committee (WDWAC) conducted field trip in and around community over 3 days which included a meeting with Local Authority members and field trips with Traditional owners / Elders and CLC members. LA approved expenditure to purchase 20ft container for the Tyre changer & air compressor to be fitted into, this will be transported installed at Murray Downs community for their use. Jetstream Electrical removal and installation of new Wind Sock for the airstrip. Recruitment of x2 new Municipal Staff – Craigwyn Glenn and Cary Small, they both are working very well and it's good to finally have a full strength team. ESO away on leave 2 weeks which saw relief ESO – Justin Walker step up. Australian Bureau of Statistics community visit conducting Health Survey. NTES meeting held to confirm Ali Curung Local Emergency Plan. Kailas Kerr CDT - LLN Training week for the staff. Anyinginyi Health – Public Health community visit. Catholic Care – Money Services visit.

Alpururulam:

Many families have gone to Mt Isa for the Rodeo, leaving the community fairly quiet at present. We have had sorry business following the death of a child in Mt Isa.

Municipal attendance has been up and down, but most weeks we have managed two garbage collections, along with general community maintenance. Pothole patching has commenced.

Alpururulam has had its Local Emergency planning meeting to review the LEP for 2022-2023 – it is a much more streamlined plan than in previous years.

Power & Water contractors are continuing with the Apetyarr Street water mains replacement. P&W contractors have also been replacing transformers. As a result of these two major projects, the community has had several significant periods without power and water. Work on new housing installations continue. Contractors for DIPL are shortly to replace the windsock pole and windsock lighting at the airstrip.

We have received visits from Police, various health and allied health personnel, Power and Water, general contractors, market truck, ABC transport.

Council's Community Care bus has been into Mt Isa for repairs and is now back in community. Community Care staff numbers are down, with the team leader working many days on her own – advertising to fill these positions is underway. Night Patrol has been recruiting and so will be increasing numbers on the team. YSR now has an additional casual staff member.

Ampilatwatja:

The new office staff are doing okay with one whose attendance is poor will be addressed through the appraisal process.

Municipal Staffing levels have been low with Mt Isa rodeo.

Works have been coming along there is still a need for the Mechanic to come out for a visit. Machinery wise we are just keeping our head above water so to speak. Pumping out Septic Tanks is taking considerable time and Council resources. We have been cleaning out the workshop to make it more usable for work purposes. There has been ongoing work at the landfill site and sewage pond compound the progress has been slow with the machinery available for use.

Our Staff housing at will need to be put on the list for renovation the current standard is barely passable for staffing which may affect staff retention. I am still engaging with Pederson's regarding lot 95 with a leaking shower and faulty shower door and shall have a positive result shortly.

Break-ins and damage around the community have continued which has resulted in me having to call a town meeting with limited success. I have now engaged directly with the family's that have been involved.

Wutunugurra:

The Elliott Area Manager has been relieving in Wutunugurra, and was able to assemble a new Local Authority who held their first meeting in twelve months late July. With the Mayor in attendance along with Troy Koch (Director of Operations) and Ali Curung Area Manager Tim Hema, the meeting was a great start for the new members. Municipal have continued cleaning up community and have painted all the speed bumps to improve their visibility to drivers. Sport and Rec combined with Municipal and Community Safety officers to hold a NAIDOC BBQ which was a great success. With Donna Eddie leaving her employment with BRC at the end of the month, I would like to thank her for her contribution over the past six years and wish her well in her future endeavours

TC Depot:

The Depot is continuing to run well, David has returned from his well earned break and thanyou to Tim for covering him while David was away. The Prime Mover has the engine in and is moving, we are just soring out minor problems so that it can be registered and put back into service. We have successfully filled the Depot Manager Position and Peter Molloy will start on the 24th of August 2022. This shall allow me to get back to my regular duties.

ORGANISATIONAL RISK ASSESSMENT

The Operations Directorate has had trouble filling key positions in Tennant Creek and in the communities, which may have an impact on council's service delivery in those areas.

BUDGET IMPLICATION

None for this report.

ISSUE/OPTIONS/CONSEQUENCES

As addressed in risk assessment.
