RECOMMENDATION**That Council**

- a) Receive and note the Report

SUMMARY:

- September was a quiet month for Local Authority Meetings due to Sorry Business and people moving around the Communities. We only had two LA meeting take place, they were Wutunugurra and Ampiliwatja. This Month has started much the same with Wutunugurra not having a meeting due to sorry business. We had moved our October meetings back a week to fit around the two football carnivals in our region. At this stage Elliot has gone ahead and I am hoping to get quorums this week at Alpurrurulam, Ampiliwatja and Ali Curung. There won't be any meetings at Alparra at this stage as we have had three resignations put in so far out of the seven LA members and another two who have verbally resigned but we are yet to see that in writing. After today's Council meeting we will start to recruit for new LA members for this community.
- The Area Managers have had a recall in September and have been receptive to the information they are getting at these meetings. We are trying to make sure that the Area Managers meet every three months, this gives them the time they need to network with each other and gives all the Council Departments a chance to have some input into things that are going on in the Communities. This also brings the Area Managers up to date with any internal changes going on in the Council.
- With two of our Area Managers away on leave last month we have given some of our community staff a chance to step into the Area Managers role on temporary basis. This gives them the opportunity to broaden their knowledge and hopefully give them the experience to look towards a higher role in the future.
- The Area Managers and I are now having a phone conference every Monday afternoon. This was one of the suggestions that came out of their meeting in Tennant Creek last month. These phone conferences are facilitating better communication between the Communities and between Tennant Creek Directorates as well.
- We have had our Area Manager from Ampiliwatja working in Elliot as our usual Manager up there is still on sick leave. Bob has done a great job while he has been in Elliot and I could see a notable difference when I visited last week. Bobs efforts I thought needed to be noted as he is always the first one to put his hand up in these situations. In his absence his wife Tracey has been doing well in Ampiliwatja making sure all the services are still running smoothly.
- All in all it has been another good two months and I can say that I feel the Council is probably the most proactive and productive that I have seen it in the five and a half years that I have worked here. It is great to see junior staff being given opportunities to broaden the horizons. And I am glad to be a part of this.

RECOMMENDATION**That the Authority**

- a) Recommend that Council endorse the allocation of \$27,760 of Local Authority funds to the Lighting of the Softball Facility based upon the quotation provided by Mike Nash Electrics, being the preferred quotation received.

SUMMARY:

Attached are the three quotes for the work to be undertaken at the Ali Curung softball court.

One quote was not competitive. The second quote was competitive but scoped the fitment of 100W LED Lights. A requote was requested on 29 October 2018 based upon 300W LED lights and 10 metre poles. This re-quotation had not been received at 11:00am 1 November 2018, prior to finalisation of this report.

Recommendation is to go with Mike Nash Electrics as it meets the requirements with the light watts and also the height of the poles.

ITEM NUMBER	16.1
TITLE	Trachoma Program - CDC - Alice Springs
REFERENCE	260876
AUTHOR	Michelle Heinen, Administration Officer

RECOMMENDATION**That the Authority**

- a) Listen to presentation & give permission to deliver the necessary service in the community in 2019

SUMMARY:

Intro: Centre for Disease Control (CDC) Trachoma Program have funding to deliver a service that endeavours to eliminate trachoma from the Northern Territory. In 2018 we found 14 Children from 1 to 9 years of age had trachoma. We then provided the entire community with antibiotics to treat trachoma.

Trachoma is a germ that infects the eyes and can cause scarring and irreversible blindness in adult life if not treated with antibiotics. It passes from person to person through eye & nose secretions. There are still endemic rates of trachoma throughout rural & remote Northern Territory and is mainly found in children, although anybody can be infected, including adults.

Plan screen/check the 1 to 9 year old children in all the Barkly Region in June 2019, to determine trachoma prevalence in the region. If we do find trachoma we will treat trachoma cases and their families (to stop the spread of the infection) with antibiotics. This may require the nurse visiting families at their house to be able to successfully deliver the antibiotic to those who need it.

Aboriginal people for a long time have been saying that culture is important for their health & wellbeing. They are now collecting surveys from community members.

It is a national study, so they are talking & working with Aboriginal & Torres Strait Islander people across Australia.

The survey asks questions about language, kinship & family, cultural practices and knowledge transfer, country & land, self-determination. Community, health and wellbeing. People enjoy doing the survey, because they get to talk about things that matter to them.
