
BARKLY REGIONAL COUNCIL

OUR VISION

We strive to be responsive, progressive, sustainable council which respects, listens and empowers the people to be strong.

The Way We Will Work

We will make it happen!

We will be engaged and have regular opportunities to listen.

We will have strong policy and budgets to ensure our programs and services are progressive and sustainable.

Respect is shown in everything we do and we have acceptance of all cultures in the Barkly Region and their practices through a culturally competent Council.

We are a responsible Council.

We will be a responsive Council.

We want to empower local decision making.

We want to ensure that our services are sustainable and that our region has a standard consistent level of services.

We want to be able to sustain our environment – our communities, our physical places, our people and our organisational culture.

We will aggressively pursue additional funding from both levels of government to improve the standard of living of people across the region.

We need to be realistic, transparent and accountable.

AGENDA PURKISS RESERVE CONSULTATIVE COMMITTEE MEETING

WEDNESDAY, 21 FEBRUARY 2018

Barkly Regional Council's Purkiss Reserve Consultative Committee Meeting will be held in on Wednesday, 21 February 2018 at 3:00pm.

Steve Moore
CHIEF EXECUTIVE OFFICER

AGENDA

ITEM	SUBJECT	PAGE NO
1	OPENING AND ATTENDANCE	
	1.1 Elected Member Present	
	1.2 Staff Members and Visitors Present	
	1.3 Apologies

PURKISS RESERVE MASTER PLAN

FINAL VERSION
April 2016

ABSTRACT

Barkly Regional Council (BRC) has recently engaged stakeholders at the Purkiss Reserve in a process of discussion with regard to its future use and development. Bennett Design Architect and Elton Consulting have been engaged to consult and deliver a masterplan on this important public space (October 2015).

The Reserve, central to Tennant Creek is approximately 9.6 ha. It is parallel with the Stuart Highway and placed in the north eastern sector of the town above Polo Road the main eastern bisector.

The space delivers essential, amenity to the Town and contains the pool, ovals and many sporting facilities. Historically, the town contained a much larger population than the current 3000 and during the 1970's on the back of mining importance the reserve was well catered with infrastructure which is still evident.

The space is a critical amenity for Tennant Creek and provides cultural sporting entertainment and facilities for healthy lifestyles of all ages. It is the only space of this kind where people can access open green space to walk and exercise without merage of dogs or through suburbs. Also it brings great visual relief to Town which is placed in what can be a harsh environment. This gives rise to community health, happiness and safety and drives key value and amenity for the town. BRC should be congratulated on this initiative to consult and deliver more value to this important asset.

PRINCIPALS - Determined by BRC

Environmentally Sustainable	Socially Safe	Cars shouldnt need to drive in
Multi Purpose	The "Place to Be"	External Fencing
Quality structures that enhance cultural / recreational / economic benefit	Accessible	Maximum utilisation
Family Friendly	Car Parking	■ Disability Friendly
On-leash dog friendly facility	■ Unleash	■ Footpaths
Existing tree shading to be reserved as much as possible throughout development	■ Pedestrian	

- EXISTING:**
- 0 Existing Main Entrance gate to be made securable
 - 1 The sports club
 - 2 Football Oval
 - 3 Football Oval Change room and amenities building
 - 4 Open carparking
 - 5 Caravan waste Dump
 - 6 Black sump to be removed and relocated to approved site.
 - 7 Public Toilets
 - 8 Baseball oval
 - 9 Skate park
 - 10 Open Green Space
 - 11 Anyergym Fitness Centre
 - a. Gymnasium
 - b. Offices
 - c. Meeting rooms
 - d. Supporting amenities
 - 12 Sheltered Basketball Courts (2)
 - 12a Tennis courts
 - 12b Reasonable condition
 - 12b Indoor multi purpose / evacuation centre
 - 13 Dilapidated
 - 14 Sports Store (Ex tennis clubroom)
 - 15 Youth Gathering / Engagement building
 - 16 Existing Toilets not in use (NIU)
 - 17 Baseball nets (NIU)
 - 18 Softball field
 - 19 To be removed and replaced with new large adventure playground. Additionally remove small fencing around existing softball oval.
 - 20 Caretaker Housing (NIU)
 - 21 To be demolished and replaced with Staff Housing and Depot Maintenance Area
 - 22 Bowls Club (NIU)
 - 23 New Pool Facility (Under Construction)
 - 24 Softball / Cricket nets to be demolished & removed from site
 - 25 Existing On-Street carparking

GENERAL

The precinct has been well endowed with infrastructure from the 1970's and a lot remains albeit that some is in poor condition and some is not used. Some elements could arguably be seen as a public hazard for example the viewing stand at the old softball field.

The site is reasonably well used already and with the new pool arriving and other facilities such as the bowling club not being used currently, new possibilities arise for the re-use and redevelopment into a dedicated health and well-being precinct.

The sports club is the only facility still alcohol related on the greater site and by limiting the intrusion of further non-related sport and health activities a dedicated precinct can now occur.

EXISTING TO BE RETAINED OR REUTILIZED

Some existing facilities are regarded currently as being useful and in good condition such as the fitness centre (10), football amenities (3), State Park (8), new pool (20) and undercover basketball courts (11). The baseball oval (16) has been noted for various re-uses, however the viewing structures should be retained as amenities.

FACILITIES TO BE UPGRADED

Two tennis courts are in reasonable condition and the other two need upgrade. The existing toilet (6) is still capable but should be replaced in due course.

FACILITIES TO REMOVE

Many of the other facilities have been based on previous memberships that are no longer relevant and their infrastructure has become dilapidated. The softball field (17) is not used and is an urban hazard.

The bowls club is currently proposed for commercial uses but its removal offers opportunity to utilize the whole precinct. Caretaker's residences are transportable and relocatable elsewhere.

In due course the intention is to maximize the green area on the site for parklands so the current open carparking areas (4) and unneeded roads and parking are intended to be reabsorbed.

ARCHITECT

EXISTING:

- 0 Existing Main Entrance gate to be made secure
- 1 The sports club
- 2 Football Oval
- 3 Football Oval Change room and amenities building
- 4 Open carparking
- 8 Skate park
- 10 Ayrleghy Fitness Centre
 - a. Gymnasium
 - b. Offices
 - c. Meeting rooms
 - d. Supporting amenities
- 11 Shattered Basketball Courts (2)
- 16 Rasaulh nua (NUU)
- 20 New Pool Facility (under construction)
- 22 Softball & cricket nets to be demolished & removed from site
- 23 Existing On-Street carparking

DEMOLITION
1:2000

- DEMOLITION:**
- 5 Caravan waste Dump
Black sump to be removed and relocated to approved site.
 - 17 Softball field
To be removed and replaced with new large adventure playground. Additionally remove small fencing around existing softball oval.
 - 18 Caravanserai Housing (NHU)
To be demolished and replaced with Staff Housing and Depot Maintenance Area
 - 22 Softball / Cricket nets to be demolished & removed from site
 - DF1 Demolish existing solid fencing and replace with new SPC fencing
 - DF2 Demolish existing fence and construct new fence in location as per stage 1
 - DF3 Demolish existing low level fencing and make good

FACILITIES TO REMOVE

The solid fence on three boundaries needs to be removed and replaced with a fence to match the existing Ambrose street fence so that the site has high visibility and this will reduce anti-social behavior through visibility.
The site has a great amount of old overhead electrical feeds and lighting and a study completed to remove redundant and potentially dangerous works currently on site.
Hydraulic services throughout the site need to be checked for competence, leaks and removed and capped if not used.
Other buildings and facilities that need to be removed include; the softball field (17) is not used, the youth gathering building (14) has been noted as not used. The bowls club (19) Caravanserai's residences (18) and the toilet at (15) should be demolished.
In due course the intention is to maximize the green area on the site for parklands so the current open carparking areas (4) and unneeded roads and parking are intended to be reabsorbed. The caravan waste dump (5) should be removed to elsewhere off the site

PURKISS RESERVE MASTER PLAN

FINAL VERSION
