

BARKLY REGIONAL COUNCIL

AGENDA TENNANT CREEK LOCAL AUTHORITY MEETING

TUESDAY, 9 MAY 2023

The Tennant Creek Local Authority will be held in Council Chambers, 41 Peko Road, Tennant Creek on Tuesday, 9 May 2023 at 4.30pm.

Russell Anderson
Acting Chief Executive Officer

OUR VISION

We strive to be responsive, progressive, sustainable council which respects, listens and empowers the people to be strong.

The Way We Will Work

We will make it happen!

We will be engaged and have regular opportunities to listen.

We will have strong policy and budgets to ensure our programs and services are progressive and sustainable.

Respect is shown in everything we do and we have acceptance of all cultures in the Barkly Region and their practices through a culturally competent Council.

We are a responsible Council.

We will be a responsive Council.

We want to empower local decision making.

We want to ensure that our services are sustainable and that our region has a standard consistent level of services.

We want to be able to sustain our environment – our communities, our physical places, our people and our organisational culture.

We will aggressively pursue additional funding from both levels of government to improve the standard of living of people across the region.

We need to be realistic, transparent and accountable.

ACTIONS FROM PREVIOUS MINUTES

ITEM NUMBER	4.2
TITLE	Para Mobility Pool Hoist and Wheelchair
REFERENCE	380533
AUTHOR	Darren Lovett, Special Projects Manager

RECOMMENDATION

That the Authority receive and note the report

SUMMARY:

Schematics, pricing and information detailed in the supply of pool hoist for all-ability usage. Not included is the installation – this will need clarification.

BACKGROUND

As per resolution TCLA 22/22 Request Council investigate design, installation and cost of an accessible pool hoist to provide disability access at the town pool.

ATTACHMENTS:

- 1  Pelican Pool and Spa Hoist - Para Mobility.pdf
- 2  Para Mobility Hoist and Chair Quotation.pdf

Freedom to be active and enjoy the water!

Designed and manufactured in Australia by Para Mobility, and tested in accordance with ASA 3581, the Pelican Pool & Spa Access Hoist allows a person with any disability to have access to both above and below ground spas, swimming & Hydrotherapy pools - without any manual lifting. It is suitable for use in public pools, leisure centres, private homes, nursing homes and schools. The unit can be mobile or fixed permanently at the edge of the pool or spa and is easily installed on the pool deck by a handyperson / tradesperson, or alternatively we can arrange installation for you. At Para Mobility, we understand that all pools are different, so we will work with you to ensure the Pelican Pool and Spa Hoist is made to meet your pool needs.

Complies with Disability Discrimination Act (Access to Premises – Buildings) under the Building Code of Australia.

Para Mobility
Making everyday living easier since 1983

PELICAN POOL & SPA HOIST PRODUCT SNAPSHOT

FEATURES

- Easily wheeled from one area to another for multiple use and/or storage (mobile unit)
- No manual lifting required
- Press button hand switch operation
- Standard lifting capacity 150kgs and 200kg
- Cover included
- Easily installed

SPECIFICATIONS

- **Safe Working Load:** 150kg and 200kg
- **Batteries:** Linak – 24v re-chargeable battery
- **Rotation:** Manual – 360 degrees, Power rotation available
- **Total Weight:** From 60kg
- **Floor Mounting Plate:** 450 diameter
- **Construction:** Stainless Steel, powder coated to colour of choice
- **Hand control:** Linak - push button
- **Installation:** Anchored to pool deck with Stainless Steel anchors and eye bolts

OPTIONAL EXTRAS

- Power rotation – push button operation

SEATING OPTIONS

- Floating sling made by Para Mobility
- Solid plastic seat for clients with low level disabilities
- Pelican Wheelchair – designed and manufactured by Para Mobility, a great option as it can be used around the pool area
- Spinal board
- Platform lift

CONCRETE PAD REQUIREMENT

IMPORTANT: To safely install the Pelican Pool Hoist you will need a solid concrete pad to anchor it to.

CONCRETE PAD INSTALLATION

We recommend that approximately 1/3 of cubic metres of concrete is used when pouring your pad. This can be made up as a logical size, for example: 1000 x 1000 x 300 or 650 x 650 x 650. The ideal location is placed up against the pool edge.

ANCHORING YOUR UNIT TO THE CONCRETE PAD

We provide 100mm anchors as standard which have the receiver for the eye bolts. This will secure the 450mm Pelican Pool Hoist base.

It's highly recommended to use a minimum of 20MPa concrete strength.

Making everyday living easier since 1983

Para Mobility
Making everyday living easier since 1983

INSTALLATION INSTRUCTIONS PELICAN POOL HOIST

Earthing: As per AS3000 of the wiring rules standards – “In certain circumstances” it may be necessary to have all conductive metal objects equally potentially bonded (earthed), this includes Pool Hoists.

We recommend you seek the advice and opinion of a qualified electrician.

TOOLS REQUIRED

- Hammer Drill
- 16mm masonry bit
- Hole Cleaning Pump
- Hole Cleaning Brush
- Cartridge gun – for adhesive
- Adhesive (included)
- Acetone

1. To safely install the Pelican Pool Hoist you will need a solid concrete pad to anchor it to. We recommend that approximately 1/3 of cubic metres of concrete is used when pouring your pad. This can be made up as a logical size, for example: 1000 x 1000 x 300 or 650 x 650 x 650. The ideal location is placed up against the pool edge. It's highly recommended to use a minimum of 20MPa concrete strength.
2. **Place hoist in position, ideally around 100 to 500mm from edge of pool** (can be further but check that lifting arm will reach into pool far enough to lower person into water). Check for obstructions when arm of hoist is rotated. Use the hoist base as a template.
3. **NB Anchors must be set into the concrete NOT into the tile bed or pavers. If there are pavers surrounding the pool a concrete pad must be laid – contact Para Mobility for instructions.**
4. **Drill 16mm diameter hole to a minimum of 100mm into concrete substrate.** (Example: 100mm **below** any tile bed).
5. **Remove dust and debris** by brushing and blowing 3 times each (If hole is wet or flooded, remove water with wet/dry vacuum). Hole may be damp but must not be flooded.
6. **Prepare all holes and socket studs** before continuing onto next step.
7. **Screw mixing nozzle onto Adhesive cartridge** (supplied) and dispense 2-3 trigger pulls of adhesive to waste until colour is grey with no streaks.
8. **Insert tip of nozzle** to bottom of hole and dispense adhesive.
9. **Fill hole** to about 2/3 full.
10. **Insert threaded stud socket**, with M12 threaded socket on top, with a rotating motion to release trapped air. Finish the top of the M12 threaded socket flush with finished floor, making sure that there is no adhesive in the threaded socket.
11. **Wait until adhesive has fully cured before loading.**
12. **Clean up** with acetone.

DRILL
HOLEBRUSH
& BLOWINJECT ABRASIVE
& INSERT STUD

NB. Tiles can be core drilled (16mm) for a cleaner / neater finish.

Enjoy the freedom of the water and get active!

The Aquatic Pool and Wet Area Wheelchairs, designed and manufactured in Australia by Para Mobility, are lightweight, rustproof, self-propelled wheelchairs designed to be fully immersed in salt, chlorinated or fresh water.

This wheelchair is made from quality furniture grade PVC, which will not absorb the heat if left out in the sun, while the strong open weave fabric allows passage of air and water. The solid tyres are ideal for leisure centres, hydrotherapy pools, showering and outdoor environments. These Wheelchairs have been designed for comfort, safety and practicality, and are easily and safely self-propelled. The wheels are also equipped with brakes on each side for added safety.

The Platypus model is used for on ground and ramps while the Pelican model includes a strengthening frame and lifting straps to be used in conjunction with Pelican Pool Hoist.

Para Mobility
Making everyday living easier since 1983

Pelican Pool & Spa Access Hoist with Platform Lift

Designed and manufactured in Australia by Para Mobility, and tested in accordance with ASA 3581, the Pelican Pool & Spa Access Hoist with Platform Lift allows a person with any disability to have access to both above and below ground spas, swimming & Hydrotherapy pools - without any manual lifting.

As per the Disability (Access to Premises - Buildings) Standards 2010, all pools with a perimeter of 70 metres or greater require a platform swimming pool lift and an aquatic wheelchair to meet the Building Code.

The unit can be mobile or fixed permanently at the edge of the pool or spa and is easily installed on the pool deck by a handyperson / tradesperson, or alternatively we can arrange installation for you.

At Para Mobility, we understand that all pools are different, so we will work with you to ensure the Pelican Pool and Spa Hoist meets your pool needs.

Complies with 'Disability (Access to Premises – buildings) Standards 2010'

Features

- Easily wheeled from one area to another for multiple use and or storage (mobile unit)
- Removable platform, interchangeable with a sling or aquatic wheelchair
- Fully user operated via a floating hand control
- Standard lifting capacity 200kg
- Cover included
- Easily installed

Specifications

- Safe Working Load: 200kg
- Batteries: Linak – 24v re-chargeable battery
- Rotation: 360 degree power rotation available
- Total Weight: From 60kg
- Floor Mounting Plate: 450 diameter
- Construction: Stainless Steel, Powder coated to colour of choice
- Hand control: Linak - Push Button
- Installation: Anchored to pool deck with stainless steel anchors and eye bolts

Optional Extras

- Interchangeable hanging bar with floating sling and wheelchair attachment

[FEATURES](#) [SPECIFICATIONS](#) [REVIEWS](#) ☆☆☆☆☆

The Pelican Pool and Wet Area Chair is a lightweight, rustproof, self propelled wheel chair designed to be fully immersed in salt, chlorinated or fresh water pools and in showering facilities. Being lightweight and made from quality furniture grade PVC this chair is recommended to avoid OHS complaints. When used outdoors, it will not absorb the heat thus preventing accidental burns. The strong open mesh back allows for cool air and water. The chair has solid tyres which never go flat. The chair is ideal for use in showering and outdoor environments. This chair has been designed for comfort and ease of use.

CHIEF EXECUTIVE OFFICER REPORTS

ITEM NUMBER	5.1
TITLE	Operations report
REFERENCE	380534
AUTHOR	Darren Lovett, Special Projects Manager

RECOMMENDATION

That the Authority receive and note the report

SUMMARY:

In the absence of Director of Operations, Darren Lovett has provided a summary for the LA. This report provides the Tennant Creek Local Authority with an opportunity to review council operations that have occurred in the Tennant Creek community since the last LA meeting.

Meetings

Since the last LA meeting in October 2022, BRC has experienced staff movements and shortages that have seen disruptions in information both in and out of the community. New staff have been working and training along with other communities to reach a collaborative process that can be communicated and effected to help assist with resource shortages, should they occur.

BRC Services

A minor restructure of the BRC operational management now has community Area Managers responsible for the oversight of all council service delivery aspects, namely, in the communities of Ali Curung, Arlparra, Alpurrurulam, Ampilatwatja, Elliott, and Wutunugurra, to include community development programs in conjunction with the Director of Community Development.

Tennant Creek core operational services continue to be delivered, with community development a strong aspect, going forward.
