# BARKLY REGIONAL COUNCIL

## OUR VISION

**We strive to be responsive, progressive, sustainable council which respects, listens and empowers the people to be strong.**

## The Way We Will Work

**We will make it happen!**

**We will be engaged and have regular opportunities to listen.**

**We will have strong policy and budgets to ensure our programs and services are progressive and sustainable.**

**Respect is shown in everything we do and we have acceptance of all cultures in the Barkly Region and their practices through a culturally competent Council.**

**We are a responsible Council.**

**We will be a responsive Council.**

**We want to empower local decision making.**

**We want to ensure that our services are sustainable and that our region has a standard consistent level of services.**

**We want to be able to sustain our environment – our communities, our physical places, our people and our organisational culture.**

**We will aggressively pursue additional funding from both levels of government to improve the standard of living of people across the region.**

**We need to be realistic, transparent and accountable.**

## AGENDA TENNANT CREEK LOCAL AUTHORITY TUESDAY, 3 JULY 2018

The Tennant Creek Local Authority will be held in Council Chambers on Tuesday, 3 July 2018 at 4:30pm.

**Steven Moore**  
Chief Executive Officer

## LOCAL AUTHORITY REPORTS

---

<b>ITEM NUMBER</b>	3.1
<b>TITLE</b>	Proposed bus shelter for Tennant Creek - received quotes.
<b>REFERENCE</b>	253409
<b>AUTHOR</b>	Elai Semisi, Director Infrastructure

### RECOMMENDATION

#### That the Authority

- a) receive and note the report.

### SUMMARY:

This report contains a quote received for a bus shelter that is proposed for Pinnacles Rd opposite the Food Barn in Tennant Creek.

### BACKGROUND

Several searches were made for a simple bus shelter design for Pinnacles Rd in Tennant Creek. At the time of writing, only two quotes were received from RWA and Terrain Group in South Australia.

#### **RWA product** – Hume steel bus shelter (3.4m x 1.9m)

The design comprises a mild steel Duragal construction complete with a steel slatted seat containing 4 arm rests. The top half on three faces is made of 3mm perforated steel mesh. There are 2 options in the supply methodology: (freight included)

1) Flat pack - \$9,355.00 (incl GST)

2) Fully assembled - \$11,490.00 (incl GST)

Installation costs are not included and will involve a local contractor either pouring a suitable RC slab with bolts/plates to fasten the unit.

A footing design is also available from RWA and the complete structure is Engineering certified; the unit comes with a 10year limited structural warranty and stainless steel anti-vandal fastening system.

#### **Terrain Group product** – (3.5m x 1.5m)

Aluminium construction with 20 micron anodized finish complete with 3mm perforated aluminium screening.

Flat pack - \$14,190.00 (incl GST)

Freight - \$1,320.00 (incl GST)

Total \$15,510.00 (incl GST)

The recommendation from this directorate is that the Local Authority approve the product by RWA in flat pack form and note that installation costs are additional to this quote of \$9,355.00 (incl GST).

### ISSUE/OPTIONS/CONSEQUENCES

NIL

### CONSULTATION & TIMING

NIL

## Powder coat colours

**Dulux**  
PROFESSIONAL & INDUSTRIAL COLOURS

Powder coating is an effective solution for finishing metal products due to its robust performance and good value. At Furphy Foundry we generally use the Dulux® range of colours and finishes to form our standard and premium colour ranges, we can also apply other brands on application. We suggest applying a 2 pack epoxy paint over hot dipped galvanised steel for coastal environments that need extra protection or to meet specific colour requirements. For more information on powder coat colours visit the Dulux® powder coat website.

When selecting colours it is important to realise that printing and computer screens may not accurately represent the intended colour accurately and should be used as a guide only.

**Attachments:** prospect bus shelter.JPG

Thanks for the phone call Elai.

Please see attached the popular bus shelter (prospect) we discussed.

As I said this is a completely aluminium structure and offers the best option from maintenance and durability.

Below is a quick outline on costs.

Prospect Bus Shelter

Supply Elements Prospect shelter, 3.5mt x 1.5mt, aluminium construction, all 20um anodised finish, 3mm perforated aluminium screening to back and sides, 316 s/s fixings, standard colour bond roofing material  
**\$12,900.00 + GST**

Freight Cost – flat packed to Tennant Creek, NT  
**\$1200.00 + GST**

Including drawing sets supplied by Terrain Group.

Hope this helps, ill also send thru some options on the Seaside style.

Regards.

**CEO REPORT ON CURRENT BRC SERVICES IN LA AREA**

---

<b>ITEM NUMBER</b>	7.1
<b>TITLE</b>	Chief Executive Officer July update
<b>REFERENCE</b>	253330
<b>AUTHOR</b>	Steve Moore, Chief Executive Officer

**RECOMMENDATION****That the Authority**

- a) Receive and note the report

**SUMMARY:**

Council has now signed paperwork agreeing to take on the new Hilda Street Park, DIPL has commenced the groundworks and is aiming to complete the park in the coming months. The feedback from the Committee was fed through to the project managers for consideration. If DIPL have any money remaining they may be able to contribute towards the equipment the LA has funded.

The cemetery fence is finally complete and I have met with representative from Friends of the Cemetery to consider what work should be done. The members who attended provided some valuable ideas to include in the project. Over the next month we'll be talking to local contractors about the project and obtaining quotes to complete the work. This is still expected to take some time.

We are in the process of finalising a lease with the owners of 10 Davison Street and will commence some initial works on ANZAC Hill once the lease has been obtained. It took quite some time to reach agreement with the owners for a lease.

Special purpose grants have been received to add additional street lights to aid the new CCTV, funding was also received to purchase solar heating for the pool plus money to fence the front of 41 Peko Road (council Chambers).

Council has obtained quite a bit of additional funding for Tennant Creek, I should be in a position to brief the committee by the time of the meeting.

We are still waiting for concept drawings for Eldorado Park and ANZAC Hill, I will keep the committee informed of developments.

Some grant money may be available to improve the appearance of Paterson Street and Peko Road, the committee may like to give some thought as to what they would like to see achieved from any improvement works. A more thorough brief will be provided to the next LA meeting.
