

BARKLY REGIONAL COUNCIL

OUR VISION

We strive to be responsive, progressive, sustainable council which respects, listens and empowers the people to be strong.

The Way We Will Work

We will make it happen!

We will be engaged and have regular opportunities to listen.

We will have strong policy and budgets to ensure our programs and services are progressive and sustainable.

Respect is shown in everything we do and we have acceptance of all cultures in the Barkly Region and their practices through a culturally competent Council.

We are a responsible Council.

We will be a responsive Council.

We want to empower local decision making.

We want to ensure that our services are sustainable and that our region has a standard consistent level of services.

We want to be able to sustain our environment – our communities, our physical places, our people and our organisational culture.

We will aggressively pursue additional funding from both levels of government to improve the standard of living of people across the region.

We need to be realistic, transparent and accountable.

AGENDA

The Tennant Creek Local Authority will be held in Tennant Creek on Tuesday, 8 September 2020 at 4:30pm.

Steven Moore
Chief Executive Officer

CHIEF EXECUTIVE OFFICER REPORTS

ITEM NUMBER	4.1
TITLE	Chief Executive Officer's Report
REFERENCE	302922
AUTHOR	Millicent Nhepera, Governance Officer

RECOMMENDATION

That the Authority

- a) Receive and note the report**

SUMMARY:

The CEO's report for the month of August 2020

BACKGROUND

We have been offered and accepted an additional \$60,000 per year to operate Youthlinks in Tennant Creek. The program has been very well run in recent times and also well attended, the additional money will allow us to trade for slightly longer and staff the program more appropriately. Congratulations to Ade and her staff on the success of the program.

Night Patrol positions thanks to some additional funding we have received for the program. The Community Development Directorate has developed a plan to increase services with the additional funding for the remaining 22 months on this funding agreement, this is another great outcome for Council.

We have been invited to participate in the weekly TC supermarket meetings, with the IGA destroyed by fire we are working with DCM, Police, Health, Julilarari and the store operators to provide advice on the temporary store situation. While much progress has been made, the problem of the temporary store being too small remains. Coles and IGA on-line shopping is now established and working well.

Last month this authority asked for information regarding how council deals with dumped cars in the area. Dumped cars are to be reported to the police. Police will then ascertain whether the car is registered or not. If unregistered, the police will contact Council to remove the dumped cars.

Infrastructure

With our new Project Manager, Santosh Niraula assisting with all things Infrastructure we have made some great progress during the month. These include:

- The TC Youth Centre is out to design and construct tender
- Tennant Creek roads have been scoped for repair
- A designer has commenced work to complete draft designs for the TC Cemetery Chapel.
- An engineer has commenced work to assess the Administration building for refurbishment. He will draft up some plans for consideration. We will need to secure funding to refurbish this building which is in a poor state of repair with an obsolete layout.

We have just completed shredding the tyres at TC landfill, this is an expensive venture we take on once a year, and it's pleasing to have this task completed.

GENERAL BUSINESS

ITEM NUMBER 6.1
TITLE Update: Lake Mary-Anne Playground Consultation
REFERENCE 302931
AUTHOR Millicent Nhepera, Governance Officer

RECOMMENDATION**That the Authority**

- a) Receive and note the report

SUMMARY:

Council selected option 2 for the Lake Mary-Anne playground. There was a survey on the Council Website and on the Facebook page.

Reasons stated for choosing option 2 included the fact that the facilities caters to children with physical impairments. Therefore Option 2 would be more inclusive.

On 27 August 2020 meeting, Council decided to go with Option 2.

Location Plan

Lake Mary Ann Recreation Area

Scale 1:500@ A3

Concept Design

The proposed playground is located closer to the main activity area and in clear view of the entry road and the caretakers residence for ease of way finding and passive surveillance. This location does not block view to Lake Mary Ann on arrival or from the main car parks. The playground is located to one end of the open grass area to accommodate sufficient space for both formal play and informal play activities.

Existing playground to be removed by council

Existing maintenance shed

Informal games area

Existing picnic tables with solid shade structure

Proposed new playground and shelter

Existing picnic tables with solid shade structure

GENERAL BUSINESS

ITEM NUMBER 6.2
TITLE Community Awareness Brief
REFERENCE 302972
AUTHOR Makhaim Brandon, Administration Officer

RECOMMENDATION

That the Authority

- a) Receive and note the report.

SUMMARY:

This authority is asked to give feedback on the low cost wash station to be given to communities by the Department of Health.

BACKGROUND

The Department of Health would like the authority to give feedback by answering the following questions:

1. Would _____ Community like to have the 1000L wash stations on their community?
2. What would be the good spots on the community where these wash stations can be located for reducing risk of disease and sickness? If so, how many wash stations would the community need?
3. Will the community be happy to develop signage/artwork with a hygiene theme to paint on the apron fixed to the water cube cage?
4. Is there an agency on the community such as the Aboriginal Corporation that can take Responsibility of the wash station to ensure:
 - a. Wash station is secure
 - b. Water tank is full with potable water
 - c. Wash station is clean and operational
 - d. There is soap and paper towels available for users
 - e. The waste bin is cleared and the area left clean everyday
 - f. Organise repairs if there is any damage through CDP
 - g. Install, remove and store the wash station when required and/or not in use
 - h. Maintain a record of the usage of the wash stations to see if the wash stations are useful
 - i. Staff champion the importance of hygiene on the community

ISSUE/OPTIONS/CONSEQUENCES

CONSULTATION & TIMING

ATTACHMENTS:

- 1 LA Meeting brief 1000L wash station 20200818.pdf

CAHS - 1,000L low-cost temporary wash station

Project description

General hygiene is a critical practice for the **prevention of a number of diseases** including COVID-19, Trachoma, Shigella, rheumatic heart disease, scabies, oral health etc. Good hygiene practice includes the washing of hands with soap for a minimum of 20 seconds, face washing and brushing teeth where possible.

Access to water and plumbing can be a problem in remote communities at certain locations such as the shop. Or during community events, such as sports and cultural occasions, making it difficult to practice personal hygiene.

This proposal, if approved by the Local Authority, will make available temporary and portable wash facilities on locations within communities to **enable people to wash hands, faces and bodies**. The locations can include clinics, footy ovals, BushBus bus stops, stores, aged care etc or wherever the community thinks they will be useful. The wash station consists of a re-purposed hand basin, 1000 L water cube mounted on a steel stand. Also included will be soap dispenser, mirror, paper towel and rubbish bin. See picture on left.

Health promotion, messages and education are the most important part of the project that also require community support. It is important for people to understand why hygiene is critical for good health and that the wash stations are there to enable people to practice it. There is opportunity for each community to put their own unique message and stamp on the wash station by developing signage and artwork to

be painted on an apron tied to the cage of the water tank.

The wash station/s **can be made on community by CDP workers** on community. A number of CDP providers in Central Australia have been contacted who have confirmed both interest, capacity and skills to build these. Many CDP providers are keen to upskill their workers in steel fabrication, welding and other handy skills through this project. CAHS has ordered a prototype with a 'how to make' manual for each CDP provider in our region to upskill workers in steel fabrication and welding as well as to offer community development work for job seekers each of the communities where the CDP provider operates.

NTG will try to fund **kits to build these on community with CDP labour**, if the Local Authority wants them for and when the community can identify some locations where they would like to have them once built.

We are seeking **on the ground agencies who will look after and maintain the hygiene stations** (incl supply of water, soap, paper towels and waste), security and storage both in use and when not in use, providing basic health promotion and education about the use of the hygiene station

CAHS - 1,000L low-cost temporary wash station

What decisions we would like from the Local Authority

1. Would _____ Community like to have the 1000L wash stations on their community?
2. What would be the good spots on the community where these wash stations can be located for reducing risk of disease and sickness? If so, how many wash stations would the community need?
3. Will the community be happy to develop signage/artwork with a hygiene theme to paint on the apron fixed to the water cube cage?
4. Is there an agency on the community such as the Aboriginal Corporation that can take responsibility of the wash station to ensure:
 - a. Wash station is secure
 - b. Water tank is full with potable water
 - c. Wash station is clean and operational
 - d. There is soap and paper towels available for users
 - e. The waste bin is cleared and the area left clean everyday
 - f. Organise repairs if there is any damage through CDP
 - g. Install, remove and store the wash station when required and/or not in use
 - h. Maintain a record of the usage of the wash stations to see if the wash stations are useful
 - i. Staff champion the importance of hygiene on the community

GENERAL BUSINESS

ITEM NUMBER	6.3
TITLE	Director of Community Development Report - July
REFERENCE	302974
AUTHOR	Sharen Lake, Director of Community Development

RECOMMENDATION

That Council

- a) **receive and note the Report**

SUMMARY:**BACKGROUND****COMMUNITY NIGHT PATROL**

The Community Safety Night Patrol Regional Management team have carried out ongoing travel this month to all locations, supporting staff and community with identified problem areas such as illegal alcohol, fighting and safety concerns regarding speeding cars in communities at night time.

The program is currently recruiting for a new Zone Manager to join the team and this should be completed within the next few weeks.

Work has been completed on developing a Business Case to be submitted to Council. This Business Case will include changes to the Organisational Structure of the Service, to include an increase to the operational strength for each Community (including additional staff) and the inclusion of a Community Safety Coordinator to focus on Community Safety & Wellbeing.

The service has also proposed a name change from 'Night Patrol' to 'Community Safety' to better reflect the core objectives of the Program. Again, this has been supported by the Funding Body and has been discussed at recent Local Authorities, who were supportive of the name change and increased Community Safety direction of this program. Based on the recent Budget Variation approved by the Funding Body, NIAA and current underspends there is sufficient funding for the extra positions.

Recruitment of Staff and allocation of resources remains a priority for the Community Safety & Wellbeing Program. Ampilatwatja is now operational, we have recruited to one position at Arlparra but still have a number of vacancies to fill. We are currently recruiting to vacancies at Alpururulam and Mungkarta due to resignations and staff absences.

YOUTHLINKS

For the July school holiday program we had exciting programs, such as excursions to the Devils Marbles, Pebbles and Telegraph Station, the Tennant Creek Police station and court house where children were provided with kidsafe information and we had visits from TC DANCE CREW, who provided a great dance workshop with lots of participation.

One of our big activities for the holiday program was working in with other areas of the BRC and Peak Sporting Bodies who held a week of Come and Try sports programs, supported by NTIS and Baseball NT.

The Come and Try activities focused on engaging local youths into sampling various sports, participating in speed and physical competency activities and enjoy a couple of activity filled day, which included a big lunch. Their framework for each event included a rotation format

with up to 6 stations (depending on numbers) showcasing a sport e.g. golf, cricket, Rugby League and an activity from an NTIS service Provider. A highlight was an educational visit from NT Parks and Wildlife Ranger's visit, with a young snake (Olive Python), and a baby kangaroo.

LOCAL

LAW RANGERS (includes Environmental Health)

Animal Management have impounded 11 dogs this month.

Nil (0) dogs have been rehomed, 3 dog has been returned to their owner, 1 dog is currently being fostered and 1 dog surrendered and due to be euthanized for aggression (bit child).

Dog and Cat traps have been set in known problem areas on a weekly basis and 2 feral cats have been trapped and euthanized.

Remote vets visit

The majority of our bi-annual vets visit have been completed, with Ampilatwatja and Mungkarta visits scheduled for August. A full report will be completed by the vets and forwarded through, providing exact number of animals assisted, will be submitted in next report.

Environmental Health

Continued monitoring of illegal dumping sites with the 4G trail camera, and staff have also erected temporary no dumping signs at some of the main illegal dumping sites, with a view to make these a permanent fixture. Included in signage is information to community members that there is "No charge" and "free" dumping at our local dump for house hold rubbish.

Staff have not caught anyone dumping but have captured quite a few images of people in the area going through existing rubbish.

LANDFILL -Develop Chemical Storage Practices information, signage etc., for the workers at the landfill with BRC WH&S Manager.

REGULATORY WORK – Issue of regulatory letters for ongoing dumping on verges, follow up on complaints regarding residents having surveillance cameras pointed at their neighbors and into their yards and conducting annual flammable undergrowth inspections that require action.

SEWAGE POND AND DRAIN AUDIT

Conducted audit of pond and drain water levels and vegetative growth promoting mosquito breeding for Darwin entomology. Emailed photos and mud map, investigate source of water discharge.

AGED CARE

All reporting for Community Care have been submitted, including Indigenous Employment Performance Report, The 6 month NATSIFACP SAR Report, The 6 month CHSP DEX data uploads and the COVID 19 CHSP extra funding for meals report.

The Stage 1 NDIS Desktop Audit was completed and of the 87 action areas, 6 minor non compliances were found. These were rectified immediately.

There was no change to the FLEXI consumers this month. We have *signed up* two new consumers to Ampilatwatja CHSP program and one for CHSP Ali Curung. There is a pending new CHSP consumer for Ali Curung.

Community Care Zone Managers continued to support staff at all locations, with a task of bringing centres back up to the required standards of compliance. Areas such as Assessments, Care Plans and general consumer files required additional work. In line with ensuring compliance and quality services, the Zone Managers have spent many hours training staff and team leaders on our reporting requirements for accreditation.

NDIS upload for the month was \$29,216.16 taking the yearly total to \$184,104.05. We have engaged *three* (3) new participants for July to receive support coordination (including one who will receive meals, linen and social services)

Summary of Consumer Numbers compared with previous month

(TM = This Month, PM = Previous Month)

FLEXI Consumers	ALI	AMP	ARL	ALP	ELL	TOTAL

	9	10	12	7	9	48

NDIS Participants	ALI	AMP	ARL	ALP	ELL	TOTAL
	4	8	8	12	3	35
	3	8	8	11	2	32

TENNANT CREEK LIBRARY

July 2020	
Adults:	354
Children:	81
Internet use:	24
Total patronage:	435
Daily Average:	16
Item Circulation:	541
New Members:	10

School holiday activities and craft packs for @ home activities were successful, with 29/40 bags collected throughout the holiday period.

Activities with families attending the library – learning about planning. Seeds planted in last three months were sprouting and growing, some of them started to blossom this month. Keep preparing the outdoor area for plant more flowers.

YOUTH SPORT AND RECREATION

School Holiday attendance for Sport and Rec program is down compared to last year. This can be attributed to Covid-19, royalties, family fighting, and a larger number of deaths in Arlparra and Alpururulam. There has been significant disruption in most communities due to alcohol being bought back in to communities.

Sports and Rec staff have assisted Department of Health -Alcohol and Other Drugs – AOD- who have been screening a series of short films across the region, so far in Alpururulam and Elliott. The short films were made in Alice Springs (by CAYLUS) and contain some good messages for the youth around behavior.

All teams are reminding staff and children to continue to adhere to our safety plans, -keeping everything disinfected- tables and benchtops, door knobs, and using hand wash stations we received from CAYLUS.

BRC staff supported Barkly Regional Arts live streamed Desert Harmony Festival (we received USB's for each community) across the region, with all but one of our sport and rec communities contributing through a shout out, or songs.

TENNANT CREEK SWIMMING POOL

The weather is starting to warm up and the temperature of the pool is around 22 degrees at the moment so we are seeing an increase of participation. New pool signs have been placed around the pool area including depth signs on the northern end of the pool. A few more will be placed on the pump house wall as well and also the first aid room.

TOTAL Average Participants for per week = 42

TOTAL average participants per day = 6.5

REPORTS FROM BARKLY REGIONAL COUNCIL

ITEM NUMBER	9.1
TITLE	Council Report- August 2020
REFERENCE	302956
AUTHOR	Millicent Nhepera, Governance Officer

RECOMMENDATION**That the Authority**

- a) Receive and note the report

SUMMARY:

This Report is a summary of Council meetings for August 2020.

BACKGROUND

The August Council meeting went very well, with most Councillors from outside the Patta Ward phoning in to meeting.

In the Mayor's report, Acting Mayor Hal Ruger gave a report about his visits to Ali Curung and Alpururulam. In Alpururulam, he was able to see the site of the new landfill.

There were some new policies adopted including the Employee Code of Conduct Policy, Recruitment Policy, and ICT Acceptable usage policy. These are now all up on the Council website now if you would like to view them.

The Barkly Regional Deal Backbone team gave an update. There will be launching a website that will host all the 28 initiatives, which will show the progress on each initiative so that progress can be seen in real time. The team will also be spending time in the communities over the next few weeks, making sure that information about the initiatives is disseminated throughout the Barkly.

Council approved the Tennant Creek Cemetery chapel designs, and these are now being circulated for public consultation and have been included in this agenda.

A significant step that came out of last month's meeting was the approval of the Night Patrol Service model and name change. The Community Night Patrol Program's name was changed to the Community Safety Program. The following title changes were approved:

- Night Patrol Manager to Community Safety Regional Manager
- Night Patrol Zone Manager to Community Safety Manager
- Night Patrol Team Leader to Community Safety Team Leader
- Night Patrol Officer to Community Safety Officer

The full-time employment number was changed from 14.6 to 20 FTE to alleviate issues that come with staff absenteeism.

The position of Community Safety Coordinator was added as well.
