

# BARKLY ASPIRATION / VISION

**Explanation Note:**

- This document has been prepared for discussion with Barkly community members about the key themes and priority areas for the **Barkly Regional Deal**.
- It is based on the ideas and issues raised by community members about the future of the Barkly region over the last eight months.
- It is not government policy but a draft document for discussion to make sure what has been heard reflects the aspirations and interests of the Barkly community.
- The **three themes** are outlined in the purple boxes (economic, cultural and place-making, and social) and the **13 priority areas** are in grey boxes. Once the themes and priority areas have been agreed upon, specific proposals (actions and projects) will be developed with the Barkly community.
- Some of the **early proposals** being developed based on the community identified priorities from October 2018 are outlined in the purple circles—*these proposals are still in development and not final*.
